

## **MONEY LAUNDERING POLICY**

This policy statement serves to articulate our unwavering commitment to the prevention and detection of money laundering, as well as our dedication to compliance with applicable anti-money laundering (AML) laws and regulations.

### **PURPOSE**

The primary objective of this policy is to prevent the facilitation of money laundering, both directly and indirectly. We are committed to ensuring that our organization adheres to all relevant AML laws and regulations, upholding the highest standards of integrity and transparency in all financial transactions.

Our accounting firm has instituted comprehensive procedures to identify and assess money laundering risks. Furthermore, we have established a whistleblower policy that safeguards individuals who report suspicious activities from any form of retaliation; those found in violation of this policy will face appropriate legal consequences.

We are committed to the ongoing review of our policies to ensure alignment with evolving regulatory frameworks and industry best practices. Additionally, we facilitate secure discussions regarding whistleblower concerns during our talk box sessions.

We are also devoted to collaborating closely with law enforcement and regulatory authorities to effectively address any matters related to money laundering.
